Due to constantly changing insurance regulations, benefits, and deductibles, we are only able to approximate your insurance benefits. If your insurance pays more than expected, you will be credited the difference. If your insurance company pays less than expected, you will be charged for the difference. Final responsibility for payment rests with the person responsible for your account.

Upon admission to our facility, it is very important that you, the patient, inform us, the provider, regarding the circumstances surrounding your injury. In certain instances, an insurance company may recoup its' payment for information withheld from the providers or the patients.

If applicable, have you given the office staff any litigation details and/or attorney information, necessary to process your claim?
